

The logo for Lawhon & Associates, Inc. features a large, stylized blue letter 'L' on the left and a large, stylized blue letter 'A' on the right. A small, white ampersand (&) is positioned between the two letters, overlapping the 'L' and 'A'.

# Job Opportunities

(Most recent update – December 2, 2011)

## Environmental Technician

Lawhon & Associates, Inc. located in the Columbus, Ohio area, (Westerville) has an immediate need for an Environmental Technician.

Lawhon & Associates, Inc. (L&A) is one of the leaders in hazardous materials and indoor environmental quality services in Ohio. We have an opportunity for the right individual to join our fast-growing practice in hazardous building materials (i.e. asbestos and lead-based paint). The candidate will contribute to a variety of projects including but not limited to: hazardous materials surveys, remediation design and oversight; and air monitoring.

Candidates with current AHES and/or AHAS certifications are encouraged to apply.

Hazardous materials projects may involve overnight or extended travel to job sites. The right candidate must be flexible to travel, work weekends, and work third shift if necessary.

## Ecological Scientist

Lawhon and Associates, Inc., based in a suburb of Columbus, Ohio is seeking self-motivated individuals to work either in our central (Columbus), northeast (Cleveland) or southwest (Dayton) Ohio office for our growing NEPA practice.

### **Qualifications:**

- A minimum of 3 year's experience with a Bachelors degree in biology, environmental science, natural resources or a related field.
- Candidate must meet the minimum standard to obtain the ODOT Prequalification for Ecological Surveys which includes three 3-hour courses from or related to the aquatic ecology, fisheries, hydrology,

- aquatic entomology, limnology, ichthyology, plant taxonomy, potamology.
- Detailed working knowledge of NEPA and the related laws and authorities.

**Preferred Skills/Experience:**

- Candidates who already have ODOT Prequalification for Ecological Surveys, and/or Waterway Permits and Wetland Mitigation Design are a plus.
- Excellent oral, written and analytical skills.
- Entrepreneurial spirit and motivated by the opportunity to help expand Lawhon's NEPA line of business and work in an energetic and collaborative environment.
- Demonstrated ability to work in a fast-paced team environment with commitment to accuracy, detail, and timeliness.
- Ability to plan and manage multiple, demanding tasks under critical timeframes.

Experience with a variety of infrastructure and development project types (e.g., transportation, energy, land management) with private and public sector clients is desirable

**Salary and Benefits**

We offer industry-competitive salaries.

Successful candidates must have an acceptable driving record, be willing to travel, have a good work ethic and pass a background check. Individual must be able to demonstrate good communication skills, writing/editing skills, Microsoft Office Products computer experience required.
