

Ecological Intern

Lawhon and Associates, Inc., based in Columbus, Ohio, is seeking a self-motivated individual to intern in our Columbus office for our growing ecological practice for spring/summer 2019. This key position in our Columbus office will work directly with our ecologists and environmental scientists to contribute to a variety of projects including but not limited to:

- Ecological Surveys
- Wetland Delineations
- Stream Assessments
- Mussel Survey and Relocation
- Waterway Permitting (Section 404/401/Isolated Wetlands)

Qualifications

Qualified candidates will possess (or be pursuing) a degree in biology, environmental science, natural resource management or similar science-related fields. They must also possess the following skills:

- Sound understanding of wetland and stream ecology.
- Excellent oral, written and analytical skills.
- Willingness to support a variety of infrastructure and development project types (e.g. transportation, energy, land management) with private and public sector clients.
- Availability for periodic overnight travel to jobs sites (mainly in Ohio).
- PADI certification preferred, but not required.
