LEED Accredited Professionals

Lawhon & Associates, Inc. (L&A) provides full-service environmental and engineering consulting services to the public and private sector. The company was founded in 1985 and attributes its success to providing responsive, client-focused technical expertise through the personal direction of the principals and senior staff. Headquartered in Columbus, L&A also has offices in Cleveland, Dayton and Cincinnati, Ohio.

We understand dealing with environmental challenges can divert time and resources away from your core mission. L&A's engineers and scientists possess the knowledge and experience to identify potential environmental liabilities and prioritize needs and response actions that meet project and stakeholder objectives. Our clients can depend on us to provide accurate, practical and cost-effective solutions—backed by technical credentials and professional certifications relevant to the services we provide.

L&A is a women-owned, small business and a licensed engineering company in the State of Ohio. The firm maintains numerous local and state government DBE certifications.

SPECIALTIES:

Natural and Cultural Resources
Air and Noise Analyses
Environmental Site Assessment
Hazardous Building Materials
Indoor Environmental Quality
Environmental Permitting

SERVING OHIO FOR 30 YEARS

Lawhon & Associates, Inc. offers expertise in history, archaeology and historic preservation. Our team of professionals routinely completes research, identification, survey, and evaluation of historic and prehistoric resources. Each project is led by an architectural historian or archaeologist who meets or exceeds the U.S. Secretary of the Interior's Professional Qualification Standards and is experienced in preservation planning and implementation.

Lawhon & Associates offers the following services in Historic Preservation:

- Section 106 Documentation and Compliance
- National Register of Historic Places (NRHP) Nominations
- Historic Resource Surveys
- Design Guidelines for Local Historical Districts
- Federal and State Historic Rehabilitation Tax Credit Applications
- Historic American Building Surveys (HABS)
- Historic American Engineering Record (HAER) Documentation
- Historic Structure Reports

L&A strives to collaborate with all stakeholders to evaluate historic resources in the context of modern redevelopment and urban revitalization. We bring a fresh perspective to historic preservation planning by embracing new technology and social media. Our architectural historians improve engagement with a new generation of residents and business owners in historic districts. We have a reputation for client service and we focus our efforts on your priorities within specific funding and scheduling requirements.
