Lawhon & Associates, Inc. provides full-service environmental engineering and consulting services to solve environmental issues for the public and private sector. The company was established in 1985 to serve an emerging market in asbestos/lead management. Over the past 33 years, our services have grown to include environmental site investigations and remediation; ecological and wetland services; cultural and historic resources evaluations; environmental permitting; indoor environmental quality studies; and NEPA compliance. We have over 35 professionals on staff with expertise and experience relevant to the services we offer. To learn more about Lawhon & Associates, Inc., please visit our website at www.lawhon-assoc.com.
