Environmental Technician

Lawhon & Associates, Inc. (L&A) seeks an energetic and self-motivated individual to fill an entry-level environmental technician position within our hazardous building material departments and air quality practices. Our practice is a unique and dynamic business focused on managing, investigating, and resolving environmental concerns in the indoor and outdoor environment. This is a full-time position based in the Columbus, Ohio area.

As a member of L&A's multi-disciplined team, you will work directly with our recognized senior professionals and executive managers. The successful candidate will contribute to a variety of projects including but not limited to: asbestos/lead surveys, abatement oversight, and clearance testing, mold contamination investigations, and indoor air quality studies. Projects will involve occasional overnight travel to job sites throughout Ohio and surrounding states.

Qualifications

Qualified candidates will possess an Associate or Bachelor's degree, preferably in environmental science, environmental health and safety, or related sciences. Desired but not required:

- Current OSHA 10-hour HAZWOPER certification
- Asbestos Hazard Evaluation Specialist or Abatement Specialist license

Requirements

The required competencies and skills include:

- Effective communication skills
- Strong analytical and problem-solving capabilities
- Strong technical writing skills
- Ability to manage multiple priorities and meet deadlines

Benefits/Contact

We offer industry-competitive salaries, medical, dental, life, and disability insurance, a fully vested 401(K) retirement plan with 100% match, paid holidays, and sick time. Successful candidates must have an acceptable driving record, be willing to travel, and pass a background check. Please send your resume to careers@lawhon-assoc.com. Reference **ENVTECH2026** in all correspondence.

Lawhon & Associates, Inc. provides full-service environmental engineering and consulting services to solve environmental issues for the public and private sector. The company was established in 1985 to serve an emerging market in asbestos/lead management. Over the past 38 years, our services have grown to include environmental site investigations and remediation; environmental permitting; ecological and wetland services; cultural and historic resources evaluations; indoor environmental quality studies; and NEPA compliance. We have over 40 professionals on staff with expertise and experience relevant to the services we offer.
